Homeopathy 2020^{Europe}

Workshop on Finances and the Relation between ECH and LMHI

Use your Power - Define ECH's programme and priorities for the next years

Dear friends, dear colleagues,

On behalf of the ECH Council and H2020e Project team, I would like to invite you to participate in a workshop being held in Paris this July. It will take place on Wednesday 16 July 2014, the day between LMHI's International Council and the start of the LMHI congress at the Palais des Congrès, from 2 pm to 5.30 pm.

This workshop builds on the foundations, which began in London, and provides the opportunity to be involved in two of the important issues that were raised for the Homeopathy 2020 strategy: Finances and the Relationship between ECH and LMHI.

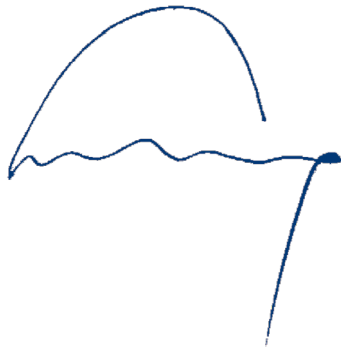

Whether you are able to attend or not, and we hope that you can, please participate in the second survey in preparation to this H2020 strategy workshop. The responses received will serve as basis for discussion and help to inform the further work of the H2020 ad hoc working group on Finances. Please complete the survey as soon as possible using the following link:

The General Assembly is the fully empowered body to accomplish the aims of the association. It also approves the budgets and accounts and decides on the rate of the annual subscription. The results of H2020 should help you to come to a fully informed decision on the future of ECH at the GA in November 2014.

We are confident that together we can make a difference to improve and strengthen homeopathy in Europe and together with LMHI worldwide!

Best greetings,

Dr Thomas Peinbauer

ECH President
